The Older the Better

If you are age 55 and make a gift annuity of $1000 to FOR, you can earn 6.7% annually, and receive a charitable deduction of $451.

Better yet, if you are 70, a gift annuity of $1000 to FOR will provide you a return of 7.8% annually, and a charitable deduction of $516. And better than that, if you are 80, the return is 9.6%; at age 85, it's 11.4% and at age 90 (or above), it's 14% and a charitable deduction of $595.

Each rate is guaranteed by FOR; and the generous charitable deduction is provided by IRS. If you are in any of these age ranges, there can be a substantial benefit for you as you provide very significant financial support to FOR's peace work.

We know earning income or charitable deductions may not be your primary motivation for a gift to FOR, but we want you to know of these good values, as additional incentives for your contributions for peaceful purposes. Besides, your charitable contributions and deduction offer legal alternatives to paying taxes for war.

Please think about the possibilities, and write for our brochure on the charitable gift annuity. Jan Hesbon, FOR Development, Box 271, Nyack, NY 10960.
